NOTICE TO ALL PROPERTY OWNERS

YOU ARE REQUIRED BY LAW TO CUT OR OTHERWISE DESTROY ALL WEEDS AND GRASSES ON YOUR PROPERTY.

Minnesota Statutes, Chapter 18, provides that all owners of property within the corporate limits of the City of Balaton are required to eliminate all noxious weeds by cutting or spraying, before they shall bloom, or acquire mature seeds, or shall spread by roots, stocks, or other means. Section 302.03 of the Balaton City Code further provides that it is unlawful for any owner or occupant of any property within the City of Balaton to allow any weeds to grow to a greater height than 18 inches or which have gone or are about to go to seed. The Balaton City Code further provides that if such owner or occupant fails to comply with the terms of said notice within ten (10) days after publication of the notice, the city shall cause such weeds to be cut and removed or sprayed as necessary and the expenses incurred shall be assessed against the property concerned. The City Clerk shall certify to the Lyon County Auditor the costs thereof to be collected in the same manner as real estate taxes.

LYON COUNTY BOARD OF COMMISSIONERS Tuesday, May 6, 2025

Minnesota OCM announces reopening of registration for hemp-derived cannabinoid businesses and licensing rollout for hemp edible businesses

Cannabis Management (OCM)

announced that on June 2

it will open a new window

for accepting registrations

for businesses seeking to sell

consumers. Businesses that sell

HDCPs but are not registered

with the Office of Cannabis

Management are in violation

of Minnesota law and will be

subject to enforcement action

including the destruction of

all the business's HDCPs and

penalties of up to \$10,000 for

window will remain open until

August 31, making it possible

for unregistered businesses to

become eligible to sell HDCPs,

THC beverages, during the

busy summer season. OCM

also announced that starting

October 1 and continuing

through October 31, it will

applications for three license

types: lower-potency hemp

edible retailers, lower-potency

hemp edible manufacturers,

and lower-potency hemp

edible wholesalers - the last

of which is a new license

type approved by the 2025

Legislature and signed into

law by Tim Walz on Friday,

to April 14, 2025, will be able to

convert to these license types

at this time. New businesses

and businesses registered after

June 1, 2025, will be able to

apply for these licenses during

the October license application

After a lengthy education

products

The Minnesota Office of registrations and remain in compliance with Minnesota law.

"As we prepare to issue cannabis business licenses and the upcoming lottery on June 5 for license types that are capped in statute, we are leaving no one behind," said OCM Interim Director Eric Taubel. "Opening a registration window for new hemp retailers this summer allows hemp businesses to continue driving revenue and economic opportunities to the entire state."

Once the registration window closes August 31, no new registrations or changes to registration will be accepted during the month of September as OCM prepares for the conversion from a registration system to a full business license for lower-potency hemp edible retailers, manufacturers, and wholesalers.

What this means for current HDCP retailers

Current HDCP registrants who apply for an LPHE license will be able to continue to sell products compliant with Minnesota Statutes, section 151.72, until they receive a license. Registrants who do not apply for a license must immediately end all sales of HDCPs on October 31.

Upon licensure, all products and retail operations must comply with Minnesota 342.46; Statutes, section Minnesota Rules, part 9810.2503; and all other applicable laws. During the transition period, some retailers will operate under section 151.72 and others under chapter 342, depending on their licensure status. Retailers who apply for an LPHE license but were not previously registered will need to wait to commence operations until after they receive their LPHE in place OCM's ability to issue license.

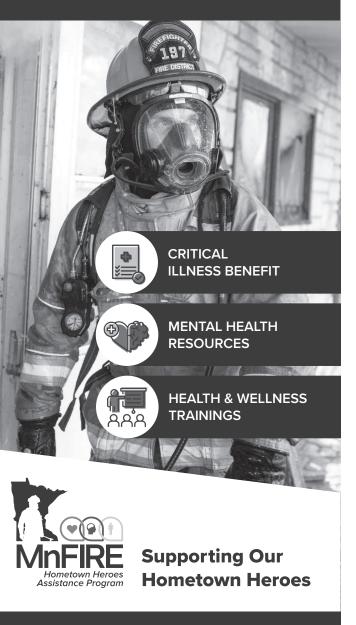

> Applicants must be in good standing with OCM in order to successfully convert their registration to a license, meaning they do not have any outstanding fines or open correction orders against them. Detailed instructions for registering a hemp business and applying for a lowerpotency hemp edible business website.
